

The Adventures of

Miles the Monkey

Attached you will find our friend Miles the monkey. Miles is an adventurous little guy and he hasn't found a place yet that he doesn't love to go to. He loves to play at the beach, climb the highest mountains, swing from the tallest trees and even ride the fastest rollercoasters he can find! We are hoping that you could help our friend Miles keep his adventures going this summer. Please cut Miles out and color him. You can even give him some clothes if you would like. He loves to wear bright colors. He is a super silly monkey. Then take

Miles along on vacations, trips to the park, rides in your car, or anywhere that you think he would like to explore.

He can jump with you on your trampoline, swing on your swings and even just hang out and watch a movie with you.

So here is the really fun part!! You will need to make a journal of all of Miles' adventures that he takes with you throughout the summer. Please draw pictures, take pictures, write down places you both went to, activities you did together or any special event that happened for you both this summer.

Attached is a log for you to keep track of the adventures you and Miles go on. Please use one for each time you two venture out or do something you would like to tell me about. Be as creative as you like when putting this journal together! Please bring Miles and his journal with you on the first day of school.

Have fun with our little buddy this summer. We will miss him and cannot wait until we all see each other on the first day of PreK! We are very excited to hear all about the "Miles" this monkey will travel this summer!

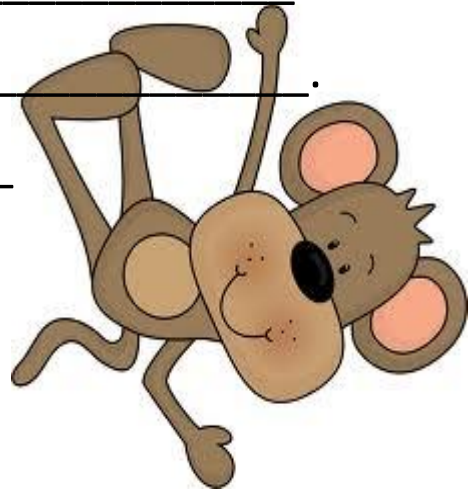

See you soon! Get ready for a really fun year!
